Installation Instructions

Note: We recommend assembling this item with a friend.

- Stand the headboard upright.
 Halfway unscrew the 6 hex
 head bolts on the headboard
 (3 on each side) to give enough
 room to slide the bracket on
 (see step 2).
- Slide one side rail up onto the headboard so the L-bracket connects to all 3 bolts. Tighten the 3 hex head bolts onto the L-bracket.
- Repeat step 2 on the other side of the bed.

- Keeping the headboard and side rail assembly upright, attach the footboard to the side rails in the same way you attached the headboard.
- Add the metal slats across the bed with their flat side facing up.
- Place your mattress on the slats.
