

## CUSTOMIZE IT: CUSTOM FOAM SIDE-BY-SIDE MATTRESS

Double your comfort. Our custom side-by-side mattress gives you, and your partner, individual comfort and support—all in the same mattress. Each side is available in either firm or soft, in memory foam or latex foam, so both of you can have the perfect night's sleep. Contact our Design Associates at 800.301.9720 for assistance with selection and ordering.

- Ready for delivery in about four weeks
- Custom Mattress can only be ordered in Queen, King and California King
- Left & right side placement of foam is determined when facing mattress (footboard end)

### BED SIZES

Dimensions	W	D	H
Queen	60"	80"	10"
King	76"	80"	10"
California King	72"	84"	10"

**No box spring necessary.** We specially design our mattresses to work with our beds to give you excellent comfort and support without the added expense of a box spring. The quality of the materials we use to make our mattresses, combined with the slat system we use to construct our beds, gives you everything you need, along with a great modern look.

**Sleep safely.** We use inherently flame-resistant materials to construct our mattresses for permanent built-in safety. No topical treatments are used, making our mattresses non-toxic and free of flame-retardant chemicals. Room & Board mattresses comply with California and national flame-resistant codes, TB 603 and 16 CFR 1633.
