# configuring your custom sectional

---

We created this guide to help you create the best possible combination of Reese pieces for a perfect seating space. Draw your space on the graph below — 1 block equals 1 foot — and lay out your space using the ¼" scale drawings of each component you choose. Remember, left-arm and right-arm configurations refer to the sofa as you are facing it, not sitting on it.

scale: 1 square = 12 inches
