

Why buy a Room & Board mattress?

We keep it simple so it's easy for you to find the perfect mattress. Working directly with an independent manufacturer with more than 100 years of experience, we use the very best materials to combine support and comfort in four exclusive styles.

All of our mattresses are:

Comfortable. From plush to firm, coils to foam, you'll find one that feels just right.

Supportive. All of our mattresses promote proper spine alignment with orthopedically correct support.

Safe. You're not sleeping on chemicals. We use non-toxic materials that are inherently resistant to flame.

Guaranteed. If you're not completely satisfied with your choice or your experience, we will make it right.

You'll notice we don't sell box springs. Our mattresses are engineered to offer great support and comfort without the added expense of a box spring. The quality of materials, along with the design of our beds, gives you everything you need, along with a clean, modern look and no need to flip your mattress.

Innerspring

Benefits

- Traditional comfort at a great value
- Two comfort options, firm or plush
- Contouring support promotes proper spine alignment

Construction features

- 14½ gauge tempered steel coils
- 1½ to 2½" foam cushioning layer

Encased Coil

Benefits

- Traditional, pillow-top comfort, no unnecessary fillers
- Three comfort options, from firm to ultra plush

Individually encased coils contour to your body and reduce partner disturbance

Construction features

- 14½ gauge tensile steel coils
- 2- to 3½" foam cushioning layer

Memory Foam

Benefits

- Cradles your body, soothes your aches and pains
- Keeps its shape and stays cool in summer, warm in winter
- Molds to your body for reduced partner disturbance

Construction features

- High-density, 6-inch Omalon foam core
- 3" thermo-sensitive visco-elastic cushioning layer
- Left and right side can be customized with Natural Latex or Memory Foam in firm or soft for individualized comfort

Natural Latex

Benefits

- Conforms to your body to alleviate pressure points
- Flip-able for firm support on one side, soft on the other
- Molds to your body for reduced partner disturbance

Construction features

- 100% natural latex foam core covered in organic wool and cotton, no blends or synthetic fillers
- Layers of pure New Zealand Joma wool padding
- Left and right side can be customized with Natural Latex or Memory Foam
