Blockheads of State

This set of Presidential Blocks from Uncle Goose features facts on the US's 44 past leaders. Together, the basswood blocks form an American Flag.

Sit and Spindle

Made by hand from steam-bent wood in Vermont, Room & Board's Soren Chair is inspired by Helge Sibast's 1953 spindle-back Model No. B.

Tote-ally Sustainable

Graphic designer Carrie Hamilton's tote is a nod to the classic plastic-bag phrase and design: (Note the upside-down "s" at the end.) "By desecrating it in this way, they [the oafish tinkerers] have inadvertently blessed it with a true urban spirit," Hamilton says. "It's damaged, but it's still here, damn it!"
