

MID-CENTURY FOR A NEW ERA

Room & Board's Dunn Cocktail Table boasts timeless mid-century style

Room & Board's Dunn Cocktail Table, a piece recalling classic mid-century design, was created according to the exacting standards of skilled Vermont artisans. As the behind-the-scenes video below reveals, the furnishing company's rigorous process of crafting this original design began with a sketch and continued through multiple drafts over the course of several months. After countless hours, the Dunn Cocktail Table appears entirely effortless, as though it emerged from nature in one organic piece. —R.L. **L**
