### HUDSON FILE STORAGE BENCH

Don't let Hudson's delicate design fool you – it's built to be rock solid. This file storage bench is handcrafted in West Virginia by skilled artisans. The natural grain pattern of U.S.-sourced solid wood is the perfect backdrop for the sleek, timeless design of this file bench. Along with a clean shape and rich wood tones, Hudson offers a functional storage system with drawers and shelves, and doubles as seating with an optional, removable no-slip cushion. There are cord openings in the bottom of the cabinet and through the back of each shelf, hiding the cords but giving you all the functionality you need for a work station. The finished back means it can float freely in any room.
