1" thick (also available in 1¼" thick, add 10%)  1¼" thick only

- Minimums and maximums are as listed. Maximums are established by weight and delivery limitations.
- Actual size can vary by 1/8" in any direction, due to expansion, contraction and/or hand-sanding.
- Width always needs to exceed depth for wood stability. Wood grain follows the width of the table.
- For L-shaped desks, order both tops at the same thickness.
