

## Agenda Magnetic Board Installation Instructions

### List of parts:

Agenda Magnetic Board  
wall anchors  
screws

### Tools needed:

#2 Phillips screwdriver  
pencil  
power drill  
level (optional)

**Note:** Maximum recommended load is 20 pounds

### Directions:

1. Mark desired hole location on wall with pencil then drill hole locations.
2. Use a #2 Philips screwdriver to install the wall anchors at hole locations.
3. Place fixture over wall anchor and insert screw with #2 Phillips screwdriver.
4. Tighten Agenda Magnetic Board into place.

*Note: Screw self-threads into anchor. Do not ovetighten.*
