1 Turn off the power to the installation site at the circuit breaker.

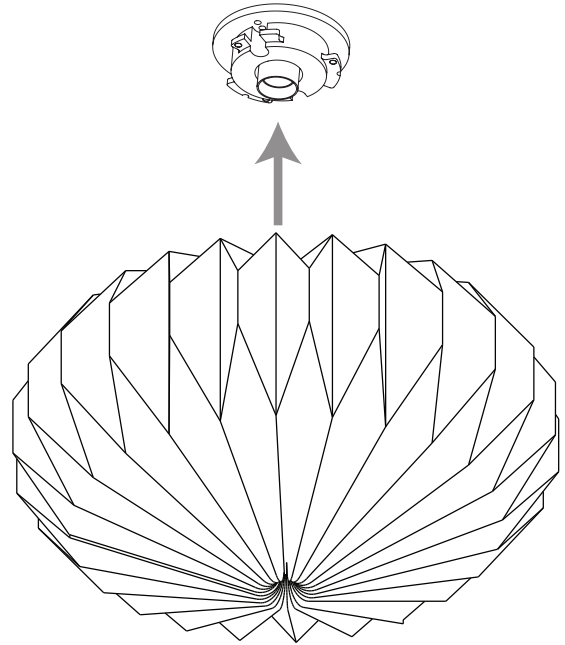

2 Use wire cutters to trim back approximately 3/4" of the insulation on the two wires connected to the mount socket.

3 Cover the end of the bare ground wire with a wire nut.

4 Connect the mounting plate wires to the junction box wires using the provided wire nuts.

5 Attach the mounting plate to the junction box with the two included 8-32 screws with your screwdriver.

6 Align the shade opening with the mounting plate and rotate slowly with upward pressure until the magnets engage.

7 Restore power to the breaker.
