

## Perch Chair Assembly Instructions

### List of parts:

- 1 seat frame
- 1 base
- 4 1/4" x 13mm screws

### Tools needed:

Phillips screwdriver

**Note:** Do not use power tools.

### Directions:

1. Turn seat upside down on a soft surface to prevent scratches.
2. Align the base with the bracket on seat bottom. Ensure the base is lined up with the front of the seat bracket as shown.
3. Install the screws as shown.
