

BENCHING SYSTEMS: COPENHAGEN

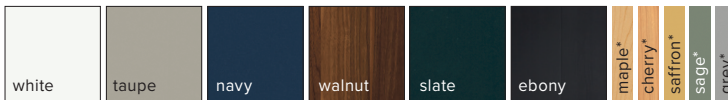

Copenhagen right-file drawer storage benches in walnut with cushions and stainless steel bases; Parsons desks in stainless steel with walnut tops; Diffrient World® office chairs in black; Element Disc™ lamps in silver.

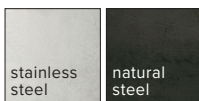

COPENHAGEN FILE STORAGE BENCH

The Copenhagen file storage bench combines durable high-quality materials with the handcrafted expertise you expect from Room & Board. Modern, functional and stylish, the Copenhagen file bench offers a file drawer and extra storage with a concealing sliding door, and easily doubles as a bench. Cord openings in the bottom of the cabinet and through the back of each shelf hide the cords but give you all the functionality you need. File benches are available with or without removable seat cushions. The finished back lets you place Copenhagen anywhere.

COPENHAGEN FILE STORAGE BENCHES

Copenhagen file storage bench	
A	60w 16d 25h left-file drawer bench
B	60w 16d 25h right-file drawer bench
C	80w 16d 25h left-file drawer bench
D	80w 16d 25h right-file drawer bench

*Allow extra time

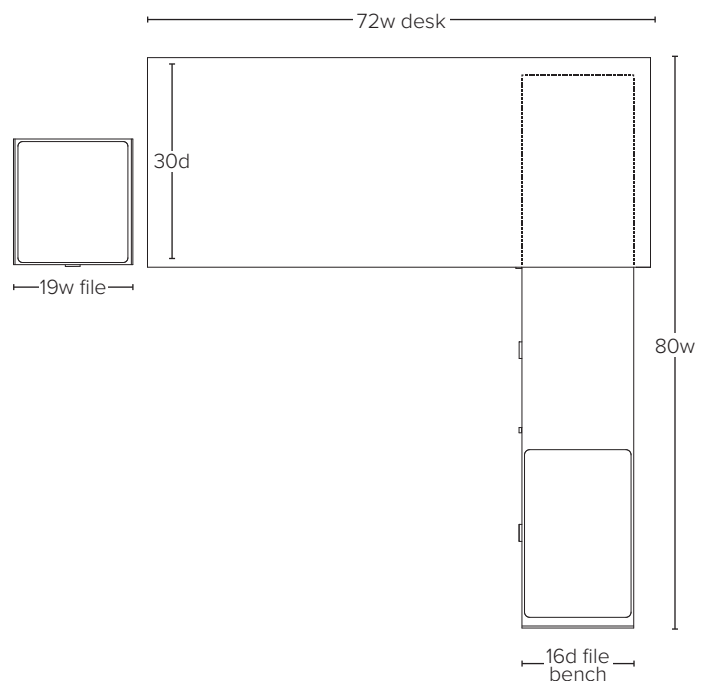

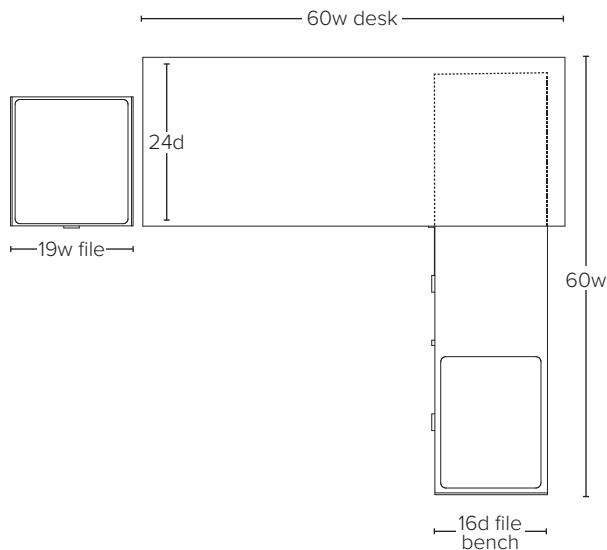

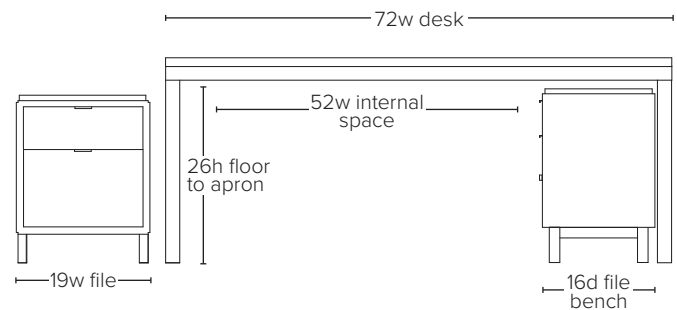

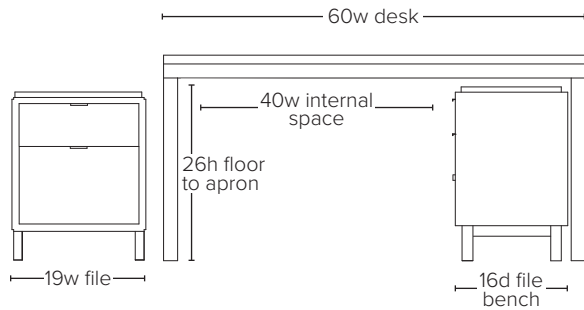

Note: a left-file bench allows you to easily access file drawers on your left, with open storage under the desk; a right-file bench allows you to easily access file drawers on your right, with open storage under the desk.

COPENHAGEN L-SHAPED LAYOUT DIMENSIONS

We recommend the following desk sizes and products to create an L-shaped configuration with the Copenhagen file bench:

- Table/desk with clearance 26h or more from floor to apron
- Table/desk with interior space 40w or more between desk legs and front of file bench
- Rolling file cabinet 25h or less
- For maximum accessibility: 60w 24d 29h or larger Parsons table/desk with 60w file bench; 72w 30d 29h or larger Parsons table/desk with 80w file bench

BENCHING SYSTEMS: HUDSON

Hudson right- and left-file drawer storage benches in shell with cushions and stainless steel bases; Parsons desks in stainless steel desks with white MDF tops; Plimode® office chairs in white; Hudson rolling file cabinets in shell with cushions; Lira counter stools with stainless steel bases.

HUDSON FILE STORAGE BENCH

Don't let Hudson's delicate design fool you – it's built to be rock solid. This file storage bench is handcrafted in West Virginia by skilled artisans. The natural grain pattern of U.S.-sourced solid wood is the perfect backdrop for the sleek, timeless design of this file bench. Along with a clean shape and rich wood tones, Hudson offers a functional storage system with drawers and shelves, and doubles as seating with an optional, removable no-slip cushion. There are cord openings in the bottom of the cabinet and through the back of each shelf, hiding cords but giving you all the functionality you need for a work station. The finished back means it can float freely in any room.

BENCHING SYSTEMS: LINEAR

Linear right-file drawer benches with cushions; Parsons desks in natural steel with walnut tops; Infinity task lamps in linen white and ash black.

LINEAR FILE STORAGE BENCH

Inspired by the Arts and Crafts design movement, the Linear file storage bench is built in a small woodworking shop in northern Wisconsin. Its refined, yet durable design, features details like dovetail joinery and handcrafted hardware, all indicative of expert technique. The Linear file bench offers a file drawer and extra storage with a concealing sliding door. Cord openings in the bottom of the cabinet and through the back of each shelf hide cords but make it easy to keep them organized. File benches are available with or without removable seat cushions. The finished back means it can float freely in any room.
