

SHERWOOD

Built by North Dakota woodworkers, each piece in the Sherwood collection features solid wood and high-quality wood veneer sealed with a natural oil-and-wax finish. Drawers have dovetail joinery for enhanced durability. To see every piece in the Sherwood collection, visit roomandboard.com.

WOOD OPTIONS

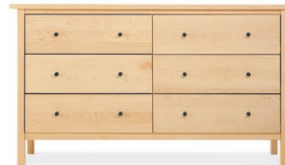

Oil-and-wax finish Our oil-and-wax finish is applied to enrich the color and grain of solid wood pieces. The oils penetrate the wood to preserve the right moisture level and the wax offers a layer of light protection. Regular application of our Satin Wax is recommended to maintain the luster and softness of the finish.
