

Trace Picture Ledge or Shelf Installation Instructions

List of parts:

Trace Picture Ledge or Shelf
wall anchors
screws

Tools needed:

#2 Phillips screwdriver
power drill
level (optional)

Note: Maximum recommended load is 20 pounds.

Directions:

1. Mark, then drill hole locations.
2. Use a #2 Phillips screwdriver to install the wall anchors into the holes.
3. Place fixture over wall anchors and insert screws with #2 Phillips screwdriver.
4. Tighten fixture in place. *Note: Screws self-thread into anchors. Do not overtighten.*
