

BENCHING SYSTEMS: HUDSON

HUDSON FILE STORAGE BENCH

Don't let Hudson's delicate design fool you – it's built to be rock solid. This file storage bench is handcrafted in West Virginia by skilled artisans. The natural grain pattern of U.S.-sourced solid wood is the perfect backdrop for the sleek, timeless design of this file bench. Along with a clean shape and rich wood tones, Hudson offers a functional storage system with drawers and shelves, and doubles as seating with an optional, removable no-slip cushion. There are cord openings in the bottom of the cabinet and through the back of each shelf, hiding cords but giving you all the functionality you need for a work station. The finished back means it can float freely in any room.

Note: a left-file bench allows you to easily access file drawers on your left, with open storage under the desk; a right-file bench allows you to easily access file drawers on your right, with open storage under the desk.

HUDSON L-SHAPED LAYOUT DIMENSIONS

We recommend the following desk sizes and products to create an L-shaped configuration with the Hudson file bench:

- Table/desk with clearance 26h or more from floor to apron
- Table/desk with interior space 39.5w or more between desks legs and front of file bench
- Rolling file cabinet 25h or less
- For maximum accessibility: 60w 24d 29h or larger Portica or Parsons table/desk with 60w file bench; 72w 30d 29h or larger Portica or Parsons table/desk with 80.25w file bench
